### FIELD NOTES FROM THE FUNNY OR DIE STAFF

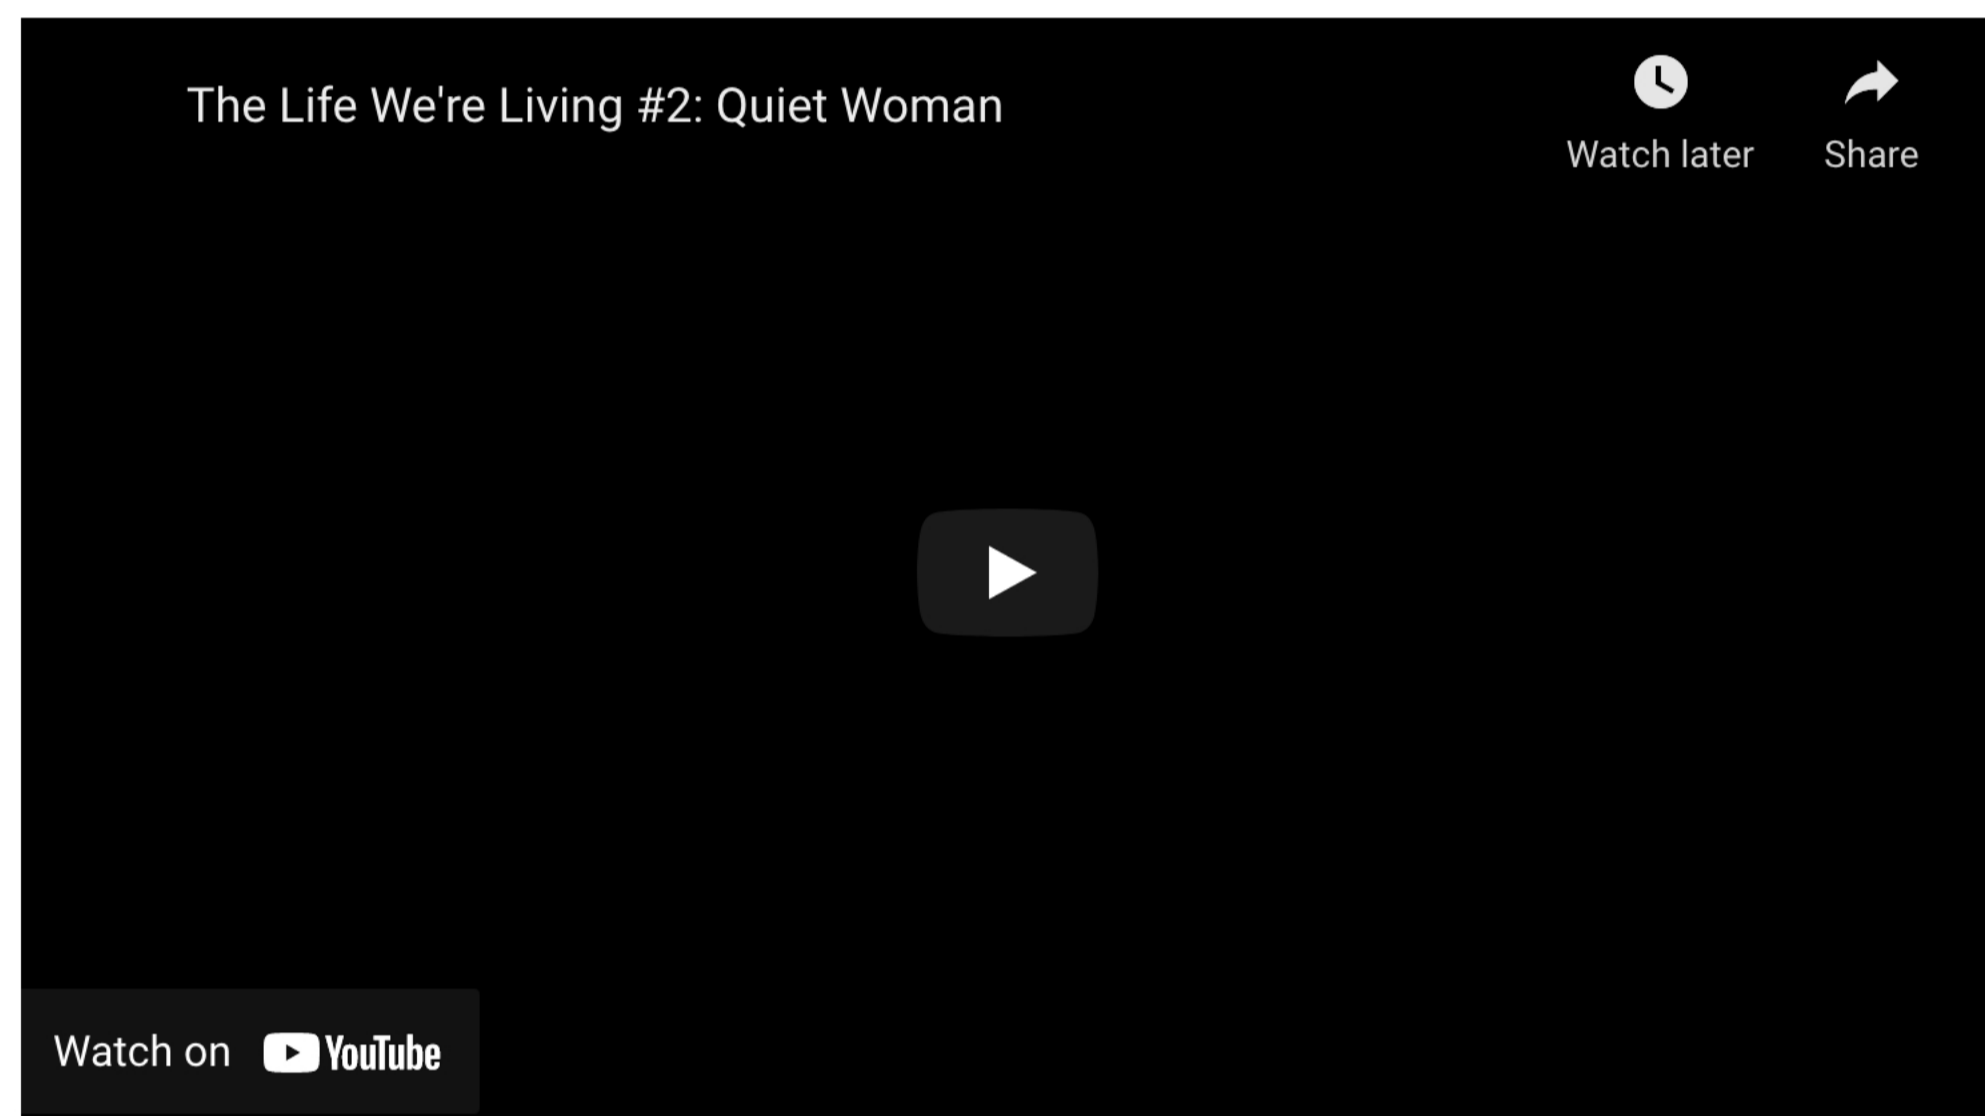

Jeffery Williams is an intrepid, steadfast, paragon of perseverance. Here's why. To start, let's ponder an important question: Are his documentaries, the outcome of which he's invited the world to use as the basis for his acceptance to film school, any good? To that we say, WRONG question, *mesdames et messieurs!*

Because that question, while important, isn't the REAL question. The real question is actually a series of questions. How is Jeffery choosing his subjects? Why is his town so full of people don't understand how things like "picture" or "sound" or "recording" work? Why is Jeffery always short-sleeved button down shirts? Does he know he's also wearing a hat 83% of the time? These questions, the real questions, go, sadly, maddeningly, unanswered in this mockumentary series from Devin and Kristina Comedy. But that doesn't mean we love them any less.
